

■ Mr Al Yousif donates blood with other Rotarians and guests

# 15 in blood donation drive

FIFTEEN donors came forward to donate blood at Salmaniya Medical Complex.

The drive was organised by the Rotary Club of Adliya at the hospital's blood bank.

Club president Mahmood Al Yousif joined 10 Rotarians and five guests at the campaign.

"In a country of 1.2 million people, a lot of whom are unfortunate enough to suffer from diseases like thalassaemia, sickle cell anaemia and diabetes, there are only under 20,000 regular donors. This disparity must be addressed," he said.
